## Navigator Bar and Grill

Come on down and check out our new menu items and sit by the fire as the nights get warmer.

House Music and Sports game provided every night. Along with card games, and our newly added Corn Hole Boards courtesy of Joe Silva.

Hope to see you there we are open to your family and friends so spread the word and bring them in.

## President's Message

Greetings,

I am extremely happy and proud of the hard working Officers and Board members that we currently have. You should be aware of all of the good they have done throughout the year to get us through this Pandemic We have met every month spent extra hours making sure that everything is operational and up and running. Megan has taken our Jr. Membership program and run with it making special deliveries to some of our members that haven't been out in over a year. Mary she is on top of everything Some nights by the time I get home she has all the minutes typed up and sent to me unbelievable. And the way she makes those eggs for breakfast I think she is putting something extra in the French toast. Karla, Working hard to deal with the state and town agencies that have been closed and some that are impossible to reach, reviewing were we need to cut and improve and always running around in high heels at our events I don't know how she does it. Judy what a great job on sending out personalized notes and cards to hopefully touch the members that receive them at a personal level. Tyler, Just look at the changes that are going on outside that should speak for itself. Chris he is my man anytime I need something Chris is there to help out or go out and get it. Daune has gone through all of the call list and spent so much time into making sure everyone is going to be notified and organized it so well. Richie My Friday night grill guy and main chef this guy is dedicated and such a hard worker if you haven't tried the Azorean burger on Friday night you are missing out. Fatima a new member but boy ohh boy did she jump all the way in and what a cook she is always there to help out. And lastly Mike Sr. my father well ..... Just kidding he gets right in there on Sunday morning breakfast and scrubs those pans and man does he push to sell some raffle tickets. Working with this group of people and how everyone is so dedicated to the club makes me proud and you should be to so if you see one of these guys just give them a thanks because with out this well oiled working team who knows were we would be today.

I would like to thank the Ladies for all of there help during these unfortunate times making and selling Malassadas this is a big help in keeping the club up and running (ohh and Alfred to).

As the Covid restrictions loosen up we will be starting to get back into our usual routine of events. We hope each and everyone of you invite your friends and family to Breakfast and our upcoming Day of Portugal or perhaps to one of the Navigator Bar and Grill nights being held every Friday.

There are a number of ways to become more involved with the club and bring your ideas, your energy and enthusiasm to our fantastic organization. Please reach out to any member of the board to share your thoughts.

I Hope to see you soon

*Mike Duarte Jr.*

## Meetings

May 20, 2021

BOD 7pm

May 23, 2021

Dinner Meeting 5pm
